### President Says Mother's Condition Is Improved

GRANDVIEW, Mo., May 19—President Truman cheered up a bit today as he reported his 94-year-old mother, fighting for her life against a "very tired and weak heart," as better this morning.

The President talking with reporters at 7:30 a. m. after his usual 20-minute before breakfast walk reported: "She's better this morning."

Mr. Truman refused to make plans for a return to Washington after his mother "slipped" yesterday afternoon after an unexpected rally Sunday morning.

### LINES FORMED BY EQUIPMENT CREWS TODAY

Operators, Voting To End Strike, Unable To Restore Normal Service

Long distance phone communications continued on an emergency basis in most sections served by Ohio Bell today as pickets blocked non strikers from returning to work.

Ohio Bell said members of the Ohio Federation of Telephone Workers, who settled their strike Saturday, appeared to be remaining out where the striking Association of Communication Equipment Workers had established picket lines.

Contract Signed Saturday

A new contract signed Saturday night grants wage increases of nearly \$5 a week to 15,000 federation members.

The situation in Salem remained unchanged today with only supervisors on the job. Only change in the picket lines was noted, with two A. C. E. W. pickets instead of operators or other workers.

Officials said the Salem long distance and dial workers refused to cross the ACEW lines this morning, when return-to-work movements were scheduled.

Points where no pickets were on duty and federation members were back to work, Ohio Bell said, were: Ashtabula, Hillcrest (Cleveland suburban exchange), Painesville, Alliance, Kent, Mantua and Findlay.

In Cleveland approximately 12 pickets patrolled the Huron road Ohio Bell building. Several hundred persons, apparently federation members, watched from across the street.

Although mass picketing had been ordered throughout the state by the ACEW, Ohio Bell said only small numbers had appeared in front of its buildings.

The company said some of the pickets in Cleveland were members of the CIO maritime union.

Federation officials, who pointed out that the union's by-laws restrict members from passing through all picket lines, said no instances of the rule being broken had been reported.

### NAB PAIR IN CHILD DEATHS

Couple Sought By Toledo Police Arrested In Waterloo, Ia.

(By Associated Press)

WATERLOO, Ia., May 19—Police Chief Harry J. Krieg announced the arrest this morning of Harold Lehane, 41, and his wife, Flo Avis Lehane, 41, who he said were wanted in Toledo, Ohio, on first degree murder indictments in connection with the fatal beating of two children a few weeks ago.

Chief Krieg said Toledo police informed him they would leave for Waterloo immediately to return the Lehanes.

The chief said the Toledo police indicated for the death of Gerald Gleason, 2, on March 3 and James Lester Gleason, 4, on April 24.

Krieg said, Lehane was arrested at a hotel where he was working as a dishwasher and that Mrs. Lehane was taken into custody at their trailer camp home here. He said they had been in Waterloo about three weeks. The Lehanes' two children are being turned over to juvenile authorities, Krieg said.

Part of the government's case included evidence that Murray Garsson's money was used to pay off a \$5,000 note May owed to a New York bank.

May told the federal district court jury in his fraud trial that as an "accommodation" he signed a note for Murray Garsson to borrow the money from Elisha Walker, whom he identified as a "New York banker" with Kuhn, Loeb and Co. Asked by his attorney, Warren Magee, if the note was ever repaid, May replied: "I don't know."

### PLANE FALLS ON CHILDREN

Three Killed, Six Injured In Playground Tragedy in Iowa

(By Associated Press)

BURLINGTON, Ia., May 19—Two ball-playing schoolboys and a navy pilot were killed yesterday when a fighter plane careened out of control at an air show and plowed across a school playground.

Six other youths were injured as wreckage, debris and flaming gasoline showered the neighborhood over a four-block area. All of the injured were improving today.

More than 3,500 persons saw the plane, one of a Corsair fighter squadron from Lambert field, St. Louis, which was putting on the naval air show plummet behind a clump of trees north of the airfield. Then the smoke billowed up.

The plane skidded across the diamond where 14 boys were playing ball, crashed into a tree and exploded.

Comdr. J. D. Taylor, leader of the squadron, said today his preliminary investigation indicated the plane had been caught in the slipstream of a ship ahead of it in the formation. This flipped the plane over in a one-and-a-half turn from which the pilot was unable to pull out, Taylor said.

The dead school boys were identified as Roland Hagemeyer, 16, and Richard Charles Grant, 14.

The pilot was identified as Lieut. (j. g.) John Peeler, son of Mrs. Ethel Peeler of St. Louis.

### Herbert Hopes For Harmony At Dinner

COLUMBUS, May 19—The way to a legislator's heart is through his stomach—Gov. Thomas J. Herbert hoped today.

The governor, at odds with certain legislative leaders over his proposed \$81,500,000 additions and betterments bill, planned to sit down tonight at a little dinner party with his temporary opponents and do a bit of fence-mending.

The dispute arose last week, Rep. Paul Ballard (R-Jackson), chairman of the house finance committee, reportedly balked at introducing the governor's capital improvement measure.

Ohio would be shoved into the "Red" by \$27,000,000 unless some adjustments are made, he said.

Governor Herbert intimated the deficit could be eliminated by slashing the appropriation set aside as a "down payment" on the soldiers' bonus.

But, the catch was—that payment is one of Ballard's own pet ideas, and he has shown no inclination thus far to abandon it.

### Liverpool Is Normal

Operators had returned to work yesterday at Zanesville, East Liverpool, Wellsville and Youngstown, where no ACEW pickets were on duty.

The ACEW is striking against Western Electric, the manufacturing and supply unit of the Bell system. Previously withdrawn, the pickets were ordered back at Bell buildings after George Weaver charged Western Electric was attempting to force a "union busting" clause in the contract.

Several hundred operators appeared in front of exchanges in the Youngstown area, but refused to cross the picket lines set up by 15 Western Electric maintenance employees.

George Weaver, national ACEW president, charged the Western Electric Co. against which the union is striking, with attempting to force the group to accept a "union-busting" clause, and ordered mass picketing "at strategic locations" on a 24-hour daily basis.

## Object Lesson

The case of the 150-odd correspondence-card protests sent to "Senator Thomas E. Dewey" by Warren, Ohio, citizens protesting labor-law revision carries a built-in object lesson.

Government by pressure blocs, with many devotees in this country, is not representative democracy. Soon or later it becomes a form of dictatorship. The dictator is the person, or persons, telling members of the bloc when and where to apply pressure. Every congressman is familiar with mail and telegraph barges loaded by orders from pressure-bloc headquarters. The barges are characterized by a suspicious sameness of expression, revealing they are stereotyped.

The Warren citizens who took somebody else's word for it that the governor of New York is a senator from Ohio unwittingly let a lot of the pressure out of pressure blocs. They gave every member of Congress a perfect example of the deception that goes into the artificial creation of "aroused public opinion."

## No Bulls, No Bears

Brokers are concerned about public apathy toward the stock market. There are no bulls, no bears, just indifference.

They have their own notions about what's wrong—fear of buyer resistance, recession, uncertainty, taxation, rising costs of labor and rising costs of materials. But these sound like details of a bigger explanation, which is that the United States is undecided about what it wants to do. That would explain the indifference. People are waiting to see what happens.

If it were evident that the whole country was of one mind about making competitive enterprise work at maximum efficiency, the future would become the best investment in history. The United States has everything it needs to make its own high standard of living seem like comparative poverty, except the assurance of cooperation among its own people. To the extent that they lack confidence in one another, or have been robbed of confidence by malice and misinformation, to that extent they are falling short of realizing their potentialities.

On the day when employers quit chiseling employees and employees quit chiseling employers, on the day when government quitters being the prey of economic faddists and ax-grinders and devotees itself wholly to the welfare of all the people of the United States—on that day the stock brokers can quit being concerned about public indifference to apparent bargains in the country's economic future.

## Hunting Hollywood Reds

So far the un-American activities committee hasn't found anything very spectacular in its search for Hollywood Reds. Not one subversive has been trapped beside his swimming pool, and no one has been found referring to Beverly Hills as Beverly Steppes.

The only film mentioned so far is "Song of Russia," which some may remember as a musical film, with a plot as lame as most and large, amorphous blobs of Tchaikovsky floating around on top like clotted cream on a Russian dessert. The dialog did mention in passing that the Russians were brave people, which nobody denied then or denies now.

Actor Richard Arlen said he told the committee Hollywood Communists have influence out of proportion to their numbers because they are well organized. Ginger Rogers' mother said her daughter had to insist on the alteration of Communist-slanted scenes in some of her pictures. There was no indication that anybody named names.

If the committee should unearth a real live Hollywood Communist who is drawing down a weekly salary in four figures, it would be interesting to hear him at length in an effort to find out what makes him what he is. He may be a congenial parlor pink or a cloistered theorist; or he may be a back nursing a sense of guilt over the fact that he is able to milk the capitalist cow with such facility.

## The Fall of the McFeelys

Not much has been heard of the McFeely family of Hoboken, N. J., in these parts, but for 21 years it was the tightest little political dynasty in the nation. The McFeelys could have given lessons to the Pendergasts, the Kelleys and the Curleys.

Theoretically, they were part of the Hague New Jersey empire, but, except for election day when they delivered the vote, they comprised a separate satrapy. Hoboken is a shabby, mile-square city of piers, tenements and warehouses and on it the McFeelys levied one of the highest tax rates in the nation, in return for which they gave precious little.

Now the McFeelys have been supplanted, a feat which a year ago would have been deemed impossible. Mayor Bernard McFeely has been defeated in the city's primary, to the consternation of his brother, the chief of police; his son, the school superintendent, and a score of other McFeelys and in-laws in key jobs throughout the city administration.

The unseating of the McFeelys is just another proof that the people can be pushed only so far. Bringing matters to a head, several policemen who had the temerity to bring actions for back pay were given extra duty and those who still complained were brought up on trumped-up charges. Property-owners rallied behind the policemen and for the first time in Hoboken folks spoke right out in public against the McFeelys. A fusion movement was born, and by 13,000 votes to 9,000 it has uprooted as brazen a plunderbund as ever got its feet in the public trough. Public indignation is a powerful weapon once it gets rolling.

Everything has its place. It won't be long until flies will be keeping lots of people from sitting around doing nothing.

## The Stars Say

For Tuesday, May 20

BY GENEVIEVE KEMBLE

According to the predominant lunar aspects, this might prove to be a day of lasting and far-reaching opportunity for establishing the affairs upon sound and basic foundation.

The danger is from a diversion of interests and propositions, with a tendency to neglect main issues, a failure to heed to the line of the most promising and long-term main chance.

A sound and logical rationalizing of underlying factors, with a definite determination to stick to major culminations in the face of conflicting or extravagant demands is needed. A wasteful use of funds or energies might complicate matters.

Those whose birthday it is are confronted by situations and propositions calling for particularly astute, sagacious and careful decisions. Under a diversion of opportunities and chances for long-range and lasting culmination, it may prove difficult to discriminate as to the wisest and most secure choice of opposing interests.

A bewildering or diffused state of mind, with a tendency to make unwarranted demand upon energies, time and resources, might prove involved or of far-reaching consequence.

A serious, rational study and analysis of stable and solid propositions might avert loss of funds, energies, health and reputation. Drastic moves might prove fatal to best results.

A child born on this day should possess many traits and talents for success, if trained to marshal its resources and make sound and lasting decisions.

Finnish children thank their parents for a meal just eaten—and then likely sneak out on helping with the dishes.

## Yet The Other Boys Seem To Thrive On It

## GUARDING YOUR HEALTH

## What Causes Weight Gains

By HERMAN N. BUNDESEN, M.D.

THOSE if us who weigh more than we should seldom like to admit that our stoutness is due to overeating. We search around for reasons and causes elsewhere, some believing it is only "natural" for them to be fat while others think they may have glandular trouble.

And it is true that certain gland disorders do lead to a gain in weight. Nevertheless most cases are few and far between. Most doctors, among them Dr. Edwin G. Langrock of New York, state that the only reason for obesity in the vast majority of cases is the eating of more food than is required. In any case, even where overweight is due to glandular disturbances, the treatment consists basically in eating less.

## Height and Weight

Many height and weight tables have been formulated which show what the average person between 25 and 35 years of age should weigh. According to Dr. Langrock, weights above these levels are detrimental to health and lead to a shortened life span. No additional weight should be gained after 30 years of age.

In planning the diet, so as to bring about a loss of weight or maintain the weight at the normal level, steps must be taken to be sure that enough of the various food parts especially protein are supplied for body growth.

Protein furnished by such foods as meat, milk, eggs, cheese and whole-grain cereals. There should also be enough protein for the adult to maintain and repair the body tissues. In addition, vitamins and minerals should be supplied and enough starches and sugars to supply energy and prevent acidosis or a lessening of the amount of alkali in the blood and tissues.

## Losing Weight

In order to lose weight, the number of calories or heat value of the diet must be less than what an individual uses up in his daily activity. Thus a 1200 or 1500 calorie

diet is often used. In planning the diet the physician will first determine the number of calories the patient needs.

Then he will select foods which furnish vitamins, minerals and proteins and prescribe them in a quantity which will furnish the necessary number of calories. In some instances vitamin and mineral supplements may be utilized to make sure that a deficiency does not occur.

The overweight person can best reduce under the direction of the physician. I have outlined some suggested diets and instructions which may be helpful in following the physician's advice, and I shall be glad to send this information to those who write in enclosing a large, self-addressed, stamped envelope, with six cents in stamps. Names will not be used.

Letters to Dr. Bundesen should be addressed in care of 235 E. 45th st., New York City.

## GI Deadeye Scores 59 Bull's Eyes In A Row

AP Newsfeatures

LOUISVILLE, Ky.—It looked for a time as if the Louisville Rifle and Revolver club would have to rush out for more targets after Sgt. H. L. Joe Benner began firing during a registered indoor tournament.

In shooting a regular 20-round rapid fire match with a .22-caliber pistol, the Fort Knox soldier scored 200 to shatter the record of 199 held by A. T. Buck, another National Rifle Association member.

But Benner hadn't finished. Whenever a competitor "goes clean" on any match, it's his privilege to ask the referee for a chance to better the mark. This Joe did.

W. C. Watters, NRA referee, set up a third target, then a fourth and a fifth. Benner's mark was a perfect 500. On the sixth target, he fired his first clip of five shots to run the score to 550. Then he spaced four more shots in the 10-ring but the 60th shot went out for a nine.

The rules specify that only clean strings of five shots are counted on such record attempts. So the sergeant's mark reverted to 550. This was 351 above the record.

Benner, who has been in the army so long he calls it home and means it, also established two other records, one of 299 for the Camp Perry course and one of 297 for the national short match course.

The Camp Perry record broke the mark of 297 held by Alfred Hemming of the Detroit Police Department. Lt. Thurman Barrier of the U. S. Marines held the previous national short record of 294.

## Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way:

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment, sour, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

OF

## Wheel Alignment Axle and Frame Straightening

The purpose of this equipment is to restore cars, that suffer from chassis misalignment trouble, back to the manufacturer's original specifications.

Shimmy, wander, weave, bad steering and excessive tire wear are the results of misalignment. The cause is generally a bent or twisted axle or knee, a bent spindle, a bent tie rod which has resulted from bumps against the curbing, hitting chuck holes in the pavement and minor collisions.

The Bear System by means of scientific gauges tells whether or not the car is out of line and exactly where the trouble lies. Then powerful hydraulic presses remedy the cause.

The effect of steering alignment service with the Bear System are easier steering, economy on tires and a greater degree of safety on the highway.

Coy Buick is offering motorists a free checkup which will continue until further notice.

## QUALITY

For many years there has been only one standard for comparison when motor car quality is the topic of discussion—and that standard is Cadillac. This great General Motors leader represents all that is good and fine in an automobile, and is used throughout the world as a yardstick for measuring and evaluating all others of its kind. Naturally, there is no substitute for such a motor car.

If you are waiting for a new Cadillac—please be assured that every effort is being made to further production. Demand is so great, however, that some delay in delivery is still inevitable. But hold to your purpose! There is no substitute for a Cadillac.

## CARDINALS' TWO LOSSES SUNDAY ADD TO WORRIES

Giants Measure Pirates In Second Game; Tiger Twin Bill Washed

By JOE REICHLER  
Associated Press Sports Writer  
Some have called it a slump. Others have called it just "a slow start."

But it was apparent today that the trouble with the World Champion St. Louis Cardinals is that the rest of the National league has been ganging up on them with an unorthodox barrage of lefthanded pitchers.

Including their double defeat by the Philadelphia Phillies yesterday—which incidentally sunk them deeper into the cellar, seven full games off the pace—the frustrated Red Birds have been beaten by routhpaws 11 times this season and won only twice against portside pitching. In 27 games, rival managers have started lefthanders against them 18 times.

After Ken Heintzelman, ex-Pirate, held the Cards to nine hits in the opener to beat them 6-3, Ken Raffensberger blanked the Cards through 12 innings to win the nightcap 1-0.

Only a game and a half separating the first place Boston Braves and the sixth place Pittsburgh Pirates in the National league.

The Braves split a double header with the Reds in Cincinnati, winning the second game behind Red Barrett, 3-1 after Ewell Blackwell of the Reds had outpitched Mort Cooper in the opener 2-1.

After the Pittsburgh Pirates had overcome a 6-1 New York lead in the opener to win 7-6, the Giants came back to take the abbreviated seven-inning nightcap 11-6 to retain second place.

The Dodgers ended a skein of 18 scoreless innings by tallying four times in the seventh to down the Cubs 4-2 before a record Chicago crowd of 46,572 paid admissions.

Bobby Feller made his first start of the season at Yankee stadium a success by turning back the New York Yankees 5-3, gaining his fifth victory against three setbacks.

Scoring two runs in the ninth inning of each game, the Chicago White Sox took the measure of Washington's Senators twice in the Capitol city 4-2 and 3-2.

Philadelphia's surprising Athletics moved into sixth place, only four and a half games behind the first place Detroit Tigers, by trimming

the St. Louis Browns twice at Shibe park 4-3 and 5-2.  
Rain washed out the scheduled double header between the Tigers and second place Boston Red Sox at Fenway park.

## Amvets Record 11-8 Win Over Struthers

Four and six run rallies in the fifth and seventh innings provided the victory margin for the Salem Amvets Sunday afternoon when they defeated the Struthers North Side Civics 11-8 at Centennial park.

The locals combed Pitcher Stanko of Struthers for 16 base hits, including a home run by Kirby Laughlin and a triple by Sam Pridon with the bases loaded. Bob "Doggie" Scullion led the parade with four hits in four trips to the plate.

"Buster" Wukotich scattered 15 hits and was not seriously in trouble until the ninth, when two misplays by his teammates and a couple base hits gave Struthers five runs.

A four-man relay of a potential home run cut down Struthers' Hauco at the plate to end the game.

## The Phenom

Clint Hartung

Too inexperienced to play left field and unable to hit six-foot four-inch, 215-pound Clint Hartung turned to pitching for Giants. After yielding Braves only two hits in six-inning relief chore, Hondo Horror was credited with 8-3 victory over Cubs, although he had to be relieved in sixth.

## SAXONS HONORED; KELLEY RECEIVES PLAQUE FROM CLUB

City Recreational Director Speaker At Affair To Fete Champs

Approximately 150 people attended a banquet at the Saxon club Saturday night in honor of the Championship Salem Saxon basketball team.

Joe Kelley, city recreational director, who spoke, was honored by the presentation of a plaque from the club for his assistance in their athletic program.

Alfred Konnerth of New Castle, Pa., formerly of Salem, served as toastmaster.

Members of the Salem Saxon team, winners over New Castle for the league title, received a large trophy and individual gold basketballs. New Castle players also were honored.

Andrew Kekel, Sr., president of the Saxon Senior lodge, presented the awards.

Henry Schindler of Cleveland, president of the Saxon Junior association, spoke briefly.

Out of town guests were from New Castle, Cleveland, Farrell, Youngstown, and Detroit.

## Salem Legion Nine Defeats West Point

The Salem Junior American Legion baseball team defeated the West Point Diamond Coals 7-1 in a game played on the latter's diamond Sunday.

Carl Hrovatic, ace twirler for the local nine, worked eight innings, allowing only four hits and striking out 16 batters.

He was relieved by Tom Fidow, who retired the side in the ninth inning on strikes.

Hrovatic, in addition to his twirling, rapped out a single, double and triple at the plate. The Salem team collected nine hits in all.

Others who looked good for the Salem squad included Tom, Henry and Jerry Miller, Tom Scullion, Ed Bozich, Joe Degan and Catcher Shaurie, a Westville boy.

The Legion is trying to arrange a game at Centennial park Wednesday for the team.

## Continue War On Reckless Driving

Police made three arrests over the weekend, one of which resulted in a drunken driving fine and two others for reckless operation as Police Chief Nerr Gaunt continued a drive against speeding and recklessness in the city.

Donald M. Johnston, 30, of 367 W. Fifth st., drew a \$100 and costs fine from Mayor R. R. Johnson this morning after his car had collided with one driven by Harry Brudely, of R. D. 5, Salem, near the V. P. W. hall, N. Broadway, at 1:50 a. m. Sunday.

Charged with driving while intoxicated, Johnston pleaded guilty.

Thomas Herron, 35, of North Benton, was fined \$25 and costs on a reckless operation charge. Herron's car struck one operated by John Bahmiller, 442 Sharp st., at the intersection of Routes 62 and 14 at 6:45 p. m. Saturday.

Bahmiller's car was pushed forward, striking others owned by Arthur L. Henry of R. D. 1, Salem, and an unidentified car, police said.
